Subject Letter No 7590/276 dt 16/2/05 from the Dpty of Coll in Mysore, requesting permission to retain the provision of Rs 480 on account of remuneration to the Magic Lantern Exhibitor in the Village School Fund Budget for 1904-1905

In Govt Pro No 11036-7/Ed 454 5th April 1904 a sum of Rs 320 per annum for entertaining the services of a Magic Lantern Exhibitor for 8 months in a year at the rate of Rs 40 per mensem was sanctioned tentatively for 3 years it being thought, that at the end of that period the Deputy Commrs & Asst Deputy Inspectors would be able to do the work themselves but as it was reported that these inspecting officers had heavy work

inspection and had no time to attend to the additional part of the Image, Lantern Exhibition the [redacted] of the Exhibitor were continued for another 2½ years

change cannot be introduced so early in the session. The Specialist classes were first started for a short period & have since been extended from time to time as the question having been asked for. I said that this must be the last & that the Bill must be introduced accordingly & asked to dispense with the Exhibition classes with effect from the end of 1904/05. I am of opinion that the order issued deserves reconsideration to further relaxation need however be taken subject to the Board's views upon the matter.

the magic lantern is recognised every where as a powerful means of imparting a knowledge of Geography Astronomy, Natural Science, Physical phenomena of all kinds, Fables &c In large schools a magic lantern of the forms part of the school apparatus As it is impossible to supply a magic lantern to small schools it was thought that each inspecting officer might be furnished with a lantern & a number of slides, and he might give one or more exhibitions in the schools he inspects But the inspecting staff is so small that each Deputy and Assistant Deputy has to hurry on from village to village & has often, I may sometimes say, to inspect more than one village school a day, and to attend to office work at night or travel at night to the next village Under these circumstances it is not possible to assign to them the additional work of giving magic lantern exhibitions, which bring much satisfaction & relief from the dullness of the village children & call as much pleasure of an Inspecting officer as from only about 100 schools to inspect in the year as in the case in Bombay the Central Province, it will be possible to make him halt at more or less all the villages at night & to assign him the additional work of giving lantern exhibitions My several appeal to Government for the reorganisation & strengthening of the Inspectorate so as to provide not only Circle Inspectors but even Assistant Deputy Inspectors has only had the effect of inducing Government to pass Order No 4 1831 2-Ed, dated 17 Oct 1903 by which some help has been given to me in inspection work, but none to the Deputy & Assistant Deputy Inspectors who are burdened with as heavy work as before The employment of a special lantern exhibitor even a makeshift until

3 The Inspectress could be strengthened the cost Rs 40 a month, is so small, & the instruction & pleasure given by the exhibitions is so considerable that stopped the employment of exhibitor as to note stopped. After the magic lantern exhibitions were introduced into Mysore, the Punjab Department also introduced them. As per the results of the exhibitions it is not possible to estimate them in a tangible form. But an idea of the benefit formed from a tabular statement of the work furnished by the Exhibitor for the year 1903-04 which is attached to this note. The work is much appreciated by Inspecting Officers, school masters, & others all by school children & their parents
